The Storage Battery Put Woman in the Driver's Seat

FROM the moment when the storage battery made the automobile self-starting, women ceased to take a back seat in motoring.

It has been the happy lot of Columbia to assist, in a large measure, to obviate the troublesome and dangerous necessity of "cranking up."

For motorists everywhere have been quick to appreciate the "reserve power"—that higher voltage characteristic which enables Columbia Storage Batteries to function under unusual strains that inevitably arise now and then.

Whatever the make and model of your car, any Columbia Service Dealer or Service Station will supply you with the size Columbia Storage Battery it needs.

Made in Canada.

Do You Read the Advertisements?

THE MAIN thing an advertiser wants to do is to tell you plainly just how and why his goods are worthy of your consideration. You can learn a great deal from that alone, because many things you see advertised are the things you buy and use in your regular daily life. By reading the advertisements you can learn the names and read descriptions of the things that are best and most satisfactory.

Dainty Chiclets —and such Flavors

What other confection has such an appeal as dainty, white Chiclets with their fragrant candy-coatings?

Imprisoned in that crisp cover is an abundance of flavor—released only when you desire.

And such flavors? A refreshingly new Spearmint, more delicious than you had imagined possible. Adams' superb Peppermint—smooth as silk but full of life. And old-time Tutti-Frutti, favorite of our fathers and mothers and best-loved flavor of our childhood.

Sold everywhere, ten Chiclets for 5c, in the famous Chiclet cardboard packet.

Alanya, a coastal city in southwestern Turkey, is the site of the 1,500-year-old Roman Amphitheatre of Sarmis in the park of the city. The theatre, which is still in use, is one of the best preserved in the world.

The theatre was built in the 1st century AD by the Roman Emperor Trajan. It is a semi-circular building with a diameter of 100 metres. The seating capacity is estimated to be 15,000. The theatre was used for gladiatorial combats, animal fights, and other public spectacles.

The theatre is a remarkable example of Roman architecture. It is built of dark limestone and has a high degree of symmetry. The stage is a semi-circular platform with a diameter of 20 metres. Your Assurance of Quality

Many things you buy reveal readily by their looks unmistakable evidence of quality or lack of it. But surface appearance fails to disclose sound value or long life in a ready roofing. That is why the man who wants dependability in ready roofing looks for the name Ruberoid. That word alone is his absolute assurance of high quality.

Ruberoid Roll Roofing is scarcely affected by the ravages of time. It has lasted on thousands of buildings, without repairs, for over a quarter century.

The Ruberoid Distributor near you will prove to be the leading hardware or building supply dealer in your community. Consult him about Ruberoid.
